It may be some worse thing to do  
but you wish me upon you  
you can't even let me feel  
how this happen way too real  
you let me break one by one  
you let me burst around the sun  
but now i decided  
why i need some things over to decide for you  
but it doesn't go through

im naked...  
naked all around you  
i am shakin...  
shakin right at the view  
close your eyes  
don't let me go  
if it's the only thing i don't want to know  
but im naked all around you

it may be some amazing thing to do  
when i just stare at the morning dew  
i can't let you see  
why it's the way i want it to be  
but it all comes right through you  
but now i flake it  
rather than break it  
but it can't go through

im naked...  
naked all around me  
i am breakin...  
breakin the glass on the tv  
close your eyes feel my toes  
feel the air breathing through my nose  
but im naked all around you

close your eyes  
feel me go  
that's not the thing i want to know  
close your eyes  
breathe up my nose  
that's the thing i want to know

im naked  
naked right at you  
and im shivering...  
shivering wondering what you've thought  
close your eyes, let me go....  
im naked all around you

feel me losing my senses  
i take the wrong guesses  
but you can't know how  
while i scream and shout  
still forgetting the clothes on the floor  
so

I'M NAKED.....  
(guitar)  
naked all around you  
i am shakin....  
shakin right at the view  
close your eyes  
feel me go  
that's not the thing i want to know  
im naked all around you  
im naked...  
naked all around me  
i am breakin...  
breakin the glass on the tv  
close your eyes  
don't let me go  
not the thing i want to know  
take control, lose control  
im naked all around you
