It's been so long  
I've been out of my body with you  
I feel alone, feel at home  
Feel like nothing is true  
You take me to a place my senses gave way  
Turn it round, shut it down  
What the people say  
Climbing up, coming down, gonna give you some  
Take my hand and let it come, let it come, let it

Take it back when she knows that you're doing it right  
'Cause everybody else knows what they're taking  
tonight

But I just wanna bring it round  
We, we're gonna get there tonight

It's been so far  
I've been walking the line on my own

Lift me up  
To the stars we are coming home  
I know we had a chase but we're out of time  
We have sold in the cold, physical design  
Set me free  
Set me out on the run  
Lift me up to the sun, to the sun, to the

When you're burning down (x2)  
It's the way that you fake it  
I know it's too late

But I just wanna bring it round  
We, we're gonna get there tonight  
I just want to take you down  
We, we're gonna bring you round

But I just wanna play it right  
We, we're gonna get there tonight
