A board without sandpaper
And a pair of shoes without brand

My hoodie isn't globe
And my wheels just break the silence
But I don't even care

Always the fucking industry
Make our fun another business

In this days is so popular
The skateboarding at axn
The skateboarding at the x games
What's the reason for being like this?
I think you just have to know how to skate

Because of the pavement full of rocks
My skate is broken and I don't know what to do
I'm forced now to get a job
Save some money to get another piece of wood

And follow ahead with my life

Skateboarding and hardcore
Don't wanna do anything else
Skateboarding and softcore
That's my decision and fuck the rest!
