I'd like to imagine your kiss is like dynamite  
I didn't think that you would call me tonight  
I like you  
things you do  
you're mod through and through  
let's go for a ride on your sparkly Lambretta  
I'll sit you behind you and cling to your sweater  
I like you  
things you do  
let's talk about The Who  
It's all tight trousers and records to you  
let's wear our parkas and sport big hair-dos  
you're only 16 but you seem so much older  
I'm 25 now and I can't get much bolder  
I like you  
things you do  
wish I wasn't too old for you...  
lambretta boy
