When I left there was nothing to see

Nothing to cherish and nothing to be

These days it's alright to me

Maybe I'll stay awhile

The northern air

Still carries the sound of my prayer

Hearts break and time takes it toll on

The places we go

This tiny piece of blue sky

I can see from where I lie

Is bluer and brighter than I

Ever thought possible

The northern air

Still carries the sound of my prayer

Hearts break and time takes it toll on

The places we go

Is it merely the moon in the sky

That is making my heart misbehave

Taking back what I gave

Pieces are once again whole

What was broken is mended

That story's ended

When I left there was nothing to see

Nothing to cherish and nothing to be

These days it's alright to me

Maybe I'll stay awhile

The northern air

Still carries the sound of my prayer

Hearts break and time takes it toll on

The places we go
