Today it was your birthday
And I didn't know what to do
Are you supposed to call the people you love
When you know they don't love you

Today was your birthday
But I didn't dare to call
Though I thought about you all day
Even at midnight I wanted to call
To be honored to be the first one to send you my love
And wish you

Happy hippy birthday
Happy hippy birthday
Happy hippy birthday
Happy hippy birthday

35 candles on a cake
That I will never taste
35 candles run away
That I picture in my head
35 years old and I'm 22
And I remember when you used to say
That I was young but you didn't care at all

Happy hippy birthday
Happy hippy birthday
Happy hippy birthday
Happy hippy birthday

16 of June 1973
My parents hadn't even met
16 of June 1973
Was born the only boy I can ever love

We're 13 years apart
Like my parents were
They're 13 years apart and for them it's worked out
They had me and my brother
They had me and my brother as achievements of their
love

They had me and my brother
They had me and my brother

My father loved my mother so
That he would never let her down
My mother loved my father so
That she would never let him down

She loved him until the day he died
Until the day he died
Until the day he died
She will love him until the day she dies
Until the day she dies
Until the day she dies
You could love me till the day you die
Until the day you die
Until the day you die
Cause I will love you till the day I die
Until the day I die
Until the day I die
And even more.
