"Take My Heart"

Visit "[Take My Heart](#)" on MotoLyrics.com

You can take my heart for a walk on the beach
You can take my heart for a little trip
You can take my heart very close to your heart
You can take my heart forever if you like

But not every heart belongs to any other
You and I
You and I are meant to be
I'm the one for you, You're the one for me
You love me as much as I do
When you look at me and we're skin to skin
I want you so
Please come in
And you love me more and more
And my love grows up with you
And you kiss me more and more
And I kiss you, too
And I kiss you, too

If I take your heart, I will cherish it every day
If I take your heart, I will heal these old wounds
If I take your heart, it's to make it happy
If I take your heart, it's forever close to mine

But not every heart belongs to any other
You and I
You and I are meant to be
I'm the one for you, You're the one for me
You love me as much as I do
When you look at me and we're skin to skin
I want you so
Please come in
And you love me more and more
And my love grows up with you
And you kiss me more and more
And I kiss you, too
And I kiss you, too

(Violin solo!)

I don't care, I don't care
If I'm again carried away

If you swear, if you swear
To give me your heart in return

I don't care, I don't care
If I'm again carried away
If you swear, if you swear
To give me your heart in return
To give me your heart in return
