Won't you move closer than close can bring you to me  
And just give me the only warmth I feel?  
Can we lay in this space until forever  
Till the moments around us all are still?  
And tell me where do we go  
On this winding, traveling open road?

To the hills is where the love people go  
Far in the night you and I don't look back  
You will find me

Cosmic journey, and I love you, I swear  
Cosmic journey, and I love you, I swear

Won't you go deeper than deep can dig into me?  
Make the words roll over your tongue to mine  
As I probably kiss you better than I'll tell you  
And the way that you touch feel so sublime  
[Incomprehensible]  
Be all mine and discover you in as you will find

To the hills is where the love people go  
Far in the night you and I don't look back  
And you'll find me

Cosmic journey and I love you, I swear  
Cosmic journey and I love you, I swear  
Cosmic journey and I love you, I swear  
Cosmic journey and I love you, I swear

And I love you, I swear  
Cosmic journey and I love you, I swear  
And I love you, I swear

Let's go, let's go, let's go  
Let's go, let's go, let's go  
To that open road  
Let's go, let's go

I wanna go high, so high, high, so high  
I said I wanna go high, so high, so high, so high  
I said I wanna go high, high, I wanna go high

I said I wanna go high

I wanna, I wanna go, go, go  
I wanna, I wanna go, go, go  
I wanna, I wanna go  
Go high, I wanna go high, so high, high

Let's go, let's go  
Can we, can we go now?  
Baby, I wanna, can we go now?  
Can we go now?  
Can we go, go, go, go, go, go, go, go now?

Go, go, go  
Go, go, go  
Go, go, go

Go high  
I wanna go high, so high, high  
Let's go, let's go  
Can we, can we go now, baby? Can we go now?  
Can we go?
