Ohh, ba, ba, baa, ba, da, ba
Ohh, ba, ba, baa, ba, da, ba

Now I don't wanna stay out tonight
What do you think about that?
Does it sound like a plan?

And I don't wanna feel out a crowd
And I got a nice one with a plan
And a light and a match

Let's just so, let's just so, let's just so
Let's have a champagne chronic nightcap
Light the dro, sip on mo', let's just so
We'll have a champagne chronic nightcap

What you feel about that?

Ohh
(Ohh)
Ohh
(Ohh)
Ohh
(Ohh)
Don't you wanna elevate, babe
It could be so great, babe

Ohh
(Ohh)
Ohh
(Ohh)
Ohh
(Ohh)
Don't you wanna take me higher
Take me higher

So this is and occasion so light
Can do so let's live for the night and you bring up the
light
'Cause honey, I'm no blazer alright
(Blazer)
But I know to keep up the hour and just live for awhile

So what cha think about that
(That)

Let's just so, let's just so, let's just so
Let's have a champagne chronic nightcap
(Champagne chronic nightcap)
Light the dro, sip on mo', let's just so
We'll have a champagne chronic nightcap

What you feel about that?

Listen baby, yeah
'Cause I don't wanna feel no pain, no baby
The trials of another day just seem to fade away
When it's just me and you, good, ooh-woo
Maybe a drink or two, baby, let's make these walls?

Ha, yeah, I'm with you
My shovel get me to your level
'Cause I dig ya
I Stevie Wonder, ponder, think, figure, dream of you
daily

Why would I kid you?
I'd rather practice making a kid
But I'm full to the leg
Yes, maybe baby, but I dig ya

Carter creates chemistry with charisma
Now maybe it's the chronic, we twist up
See we can get high, I hope we get stuck
Now do you, you got that ooh woo?

Swisha sweet make me wanna L-I-G, you are no war
We can talk about the war, what's right and wrong?
Cry right song couple stars and that you so are
I can make tonight so good
You wouldn't want to see tomorrow, you're chief

Yeah, you feel me, baby

Sometimes
(Sometimes)
I just want it to be me and you
Me and you and some good ooh-woo
(I agree)
Just me and you and some good ooh-woo
(I can definitely second that, baby)
Just me and you and you and you

Yo chief, yeah, what cha talkin' about?

Can you pass me that, umm?
Of course you would that good ooh-woo
Look at you, just for the night, baby
Just for the night, now c'mon over here
You got me

Let's just so, let's just so
Let's just so, let's have a champagne chronic nightcap
Light the dro, sip on mo'
Let's just so, we'll have a champagne chronic nightcap

Ohh, ba, ba, baa, ba, da, baa
Ohh, ba, ba, baa, ba, da, baa
