Who would've known
The rain and the sunshine?
Would baby, baby
Fill up these walls of mine?

And I can't see you or breathe you
'Cause there's trouble right beneath you
It's all in the night but, oh, baby, baby
Come pick me up in your ride

I'm a cool low Jane with a skip on my feet
I play tough as nails with my heart on my sleeve
I'm nothing but a sandcastle
Baby, don't blow me away, away

Baby, I know you do that to all the girls
Know that I'm fragile
Babe, b-b-b-baby
Don't blow me away

Baby, I know you do that to all the girls
Know that I'm fragile
Babe, b-b-b-baby
Don't blow me away

Who would've known
The storm of my past time
Would baby make me
Losing the song of the eye?

And I can't believe you or read you
'Cause there's pleasure in your preview
It's all in your eyes
Oh, Mr. DJ, baby, can you meet me outside?

You're an old school dude with a kick on your shoes
You got crews and your handles when you spin those
tunes
I'm nothing but a sandcastle
Baby, don't blow away, away

Baby, I know you do that to all the girls

Baby, I'm fragile
Babe, b-b-b-baby
Don't blow me away

Baby, I know you do that to all the girls
Know that I'm fragile
Babe, b-b-b-baby
Don't blow me away

Oh, and just like the ocean
Lays right there behind me
Look over my sandcastle and there's a sight to see
Don't blow me away, don't blow me, baby

Baby, I know you do that to all the girls
You know that I'm fragile
Babe, b-b-b-baby
Don't blow me away

Baby, I know you do that to all the girls
Know that I'm fragile
Babe, b-b-b-baby
Please don't blow me away, away, away
Away, away, away, away
