Oh oh oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh oh oh

If I were you  
Then rest assured that I'm in love  
In love with you

If I were you  
Then rest assured that I'm in love  
In love with you

Baby, baby, please don't let me down  
In love with you

Baby, baby, please don't let me down  
If only broken hearts live all above  
Baby, baby, please don't let meâ€¦!

I can't get up (I can't get up)  
I'll move the mountains in my mind (in my mind)  
You bet your luck  
I'll write your name in city lights  
To brighten up your room oh

Baby, baby, please don't let me down  
If only broken hearts live all above  
Baby, baby, please don't let meâ€¦!

Spill up all of your love for me  
Tell em I'm your lover baby  
In my mind

Spill up all of your love for me  
Tell em I'm your lover baby

Baby we've got time for time to wait  
I put you on the line, no choice to make  
Running on these slopes, skew down the way  
When every minute move things yours to take

We turn time into shapes

But we could live it may  
Ten hours into space oh oh oh oh  
Put seconds into stars  
The way you're loving me  
Turn circles into hearts, oh baby
