I wanna be free
I just wanna be free...

Here I am feeling solo and confused
looking into what is right and what is true
So I know what may be promised is wrong
So I'll go halfway into the galaxy of hope while I seek...

(Chorus)
Freedom
Come along, come along
Expression
Sing my song, sing my song

So I'll make a choice to be me for money
Cuz they say both are impossible for me
But I know that there is room to learn and to grow
So I'll show them that whatever life brings me I'll cope

(Repeat Chorus)

(Vocal run)
When life feels rough, where do you go?
(It's just not enough, just not enough for me)

When compromise won't work on life...
(It's just not enough, just not enough for me)

The world's remarks are so chalant...
(It's just not enough, just not enough for me)

When time regrets you're on this place...
(It's just not enough, just not enough for me)

(Bridge)
I wanna be free
I just wanna be free
Yeah, yeah, yeah...

So I'll live to survive and to be real
And I'll give my story as long as my will...

I'll be free of all the living boundaries set for me
And I'll see whatever this world offers for freedom-
dom-dom-dom-dom-dom
This world is so jaded by sugar plums and palm trees
But rosy cheeks ole last for so long, last for so long,
last for so long...
