

Solange Knowles "This Could Be Love"

Visit "[This Could Be Love](#)" on MotoLyrics.com

Enlightening, frightening
Always exciting
The timing has gotta mean
This could be love

It's crazy, amazing
Embracing
It takes me 'til I'm free, maybe
This could be love

Oh, I cannot sleep at night
I dream about you all day
Love is such a crazy thing
Like snowflakes in the spring
Yeah, I mean I'm feelin' you, yeah

Beautiful underestimates my feelings when it comes to
you
The world stops turning when your present and I know
it's true
Because, no one can make me feel like you do
So special to me, unique baby

Enlightening, frightening
Always exciting
The timing has gotta mean
This could be love

It's crazy, amazing
Embracing
It takes me 'til I'm free, maybe
This could be love

Oh, I feel it in my heart
Feel it in my soul
You are like a seed to me
Someday our love will grow
Yeah, I mean I'm feelin' you, yeah

Beautiful underestimates my feelings when it comes to
you
The world stops turning when your present and I know

it's true
Because, no one can make me feel like you do
So special to me, unique baby

Enlightening, frightening
Always exciting
The timing has gotta mean
This could be love

It's crazy, amazing
Embracing
It takes me 'til I'm free, maybe
This could be love

This love, this joy
It takes me a away to a place were it lies in reflection
never ever
My heart, my dreams
There always with you and the feeling is new all this
could be love

This could be love
This could be love
This could be love
This could be love

Enlightening, frightening
Always exciting
The timing has gotta mean
This could be love

It's crazy, amazing
Embracing
It takes me 'til I'm free, maybe
This could be love

Enlightening, frightening
Always exciting
The timing has gotta mean
This could be love

It's crazy, amazing
Embracing
It takes me 'til I'm free, maybe
This could be love

This could be love
This could be love
