### "White Picket Dreams"

Ba Ba ba ba ba ba ba ba  
ba ba ba ba ba ba ba  
Ba Ba ba ba ba ba ba ba  
ba ba ba ba ba ba ba

#### *[Verse 1]*

I'm sitting here looking at this old canvas  
And the picture looks so different from you  
Yes it does, yes it does  
Maybe it's time to go back to the drawing board  
Cause it's likely that the man I drew is fictional

#### *[Chorus]*

It's possible I dream such a thing that's so far away  
And the flame that you bring is warming up  
It's possible we all want a dream that's so far away  
And my white picket dreams are home enough

#### *[Verse 2]*

I'm lying in the dark but it's pitch bright  
Cause this yellow in my soul and it raise, it brings me  
hope  
I figured I'd be married young with two off springs  
But this timing and me don't wait for you to carry on

#### *[Pre-Chorus]*

So I wait for the day for the day  
When this frame shows a face gives a name and you  
say  
That you will it's your will we can build we can still see it

#### *[Chorus]*

It's possible I dream such a thing that's so far away  
And the flame that you bring is warming up  
It's possible we all want a dream that's so far away  
And my white picket dreams are home enough

#### *[Bridge]*

Hahahahahahahahahahohoho  
Hahahahahahahahahahohoho

And you know I want that baby  
What you do keep on bringing me joy  
And you know we'll have that baby  
I give you that picture hun and so much more  
And you know I want that baby  
And you know we'll have that baby  
That white picket dream we'll paint it  
The house on the hills with our name on the door  
And you know I want that baby  
And you know we'll have that baby  
That white picket dream of mine will show me how it  
was in no time

*[Chorus]*

It's possible I dream such a thing that's so far away  
And the flame that you bring is warming up  
It's possible we all want a dream that's so far away  
And my white picket dreams are home enough
