Well...

(Are we recording?)  
Enlightening charmer sent from where  
A Casanova, lovely glare  
And I was chosen  
I was there

The wells get deeper  
More unfolds  
And at the bottom  
There she goes  
But wells are endless  
I find more...

[Bridge]  
Flowers, candy, flirty late nights, on the speed dial  
That was you two  
Dinner, movies, sweetheart, kisses,  
He don't dance but tango with two  
I Thought you plus me divided me from him  
But I discovered  
Many more, and again, and again...

(Chorus)  
And you don't know  
You fill many spaces  
And she don't know  
She's one of many lies  
And he don't know  
How he's stole many places  
And we all know  
We can't fix him if we tried  
(I would've been the one)

I held the title  
Wore the crown  
I was the trophy  
While you ducked down  
And she was cool with just foolin' around  
(Yes she was, Yes she was) Yes she was  
Now number four was there to ride

And five was crazy  
His wild child  
And when we're rocky  
He calls number nine...

[Bridge]

Flowers, candy, flirty late nights, on the speed dial  
That was you two  
Dinner, movies, sweetheart, kisses,  
He don't dance but tango with two  
I Thought you plus me divided me from him  
But I discovered  
Many more, and more, and again...

(Chorus)

And you don't know  
You fill many spaces  
And she don't know  
She's one of many lies  
And he don't know  
How he's steals many places  
And we all know  
We can't fix him if we tried  
(I would've been the one)

I was the one,  
Yes, I was the one  
And yes, that was my name  
Inked up on his arm  
And if he loved me that much and still did me wrong  
I'm feeling sorry for you for holding on  
I was the one,  
Yes, I was the one  
Keyword is was, yes I was the one  
I figured out he was empty on my own  
He had to find the answer in something not someone

(Chorus)

And you don't know  
You fill many spaces  
And she don't know  
She's one of many lies  
And he don't know  
He's stole many places  
And we all know  
We can't fix him if we tried  
(I would've been the one)
