I can't give you anything  
Anything at all  
Bless your head hold your hand  
Hide the salt behind the wall

I'd lie for you I'd cry for you  
I'd open every wound for you  
I'd give you light I'd give you sight  
I'd give it from myself

If I could give you alleluias from my soul I would  
But the only thing I offer you is pain

I can't give you anything  
Nothing that would stay  
It's much too late to reinvent  
The storybook lies anyway

I'd break the spell I'd make you well  
I'd bleed the heavens dry for you  
I'd give you light I'd give you sight  
I'd give it from myself

If I could give you alleluias from my soul I would  
But the only thing I offer you is pain  
If I could give you alleluias then you know I would  
So much in vain

Bring on the other world with its dances  
Bring on the other world

I'd lie for you I'd die for you  
I'd open every wound for you  
I'd give you light I'd give you sight  
I'd give it without pain

If I could give you alleluias from my soul I would  
But the only thing I offer you is pain  
If I could give you alleluias then you know I would  
So much in vain
