"Out There"

Visit "[Out There](#)" on MotoLyrics.com

Hear the sirens in a distant part of town
Hear the rumble of the freeway dying down
Someone calls me but the answerphone's turned down
I'm not sleeping but there's sleepers all around

Hear the TV say the future's getting near
Everybody lies between their hope and fear
I can't tell if anyone is sincere
Lock the door and pull the covers up to here

It's dark out there
It's dark out there

Footsteps echoing outside the door
Tomorrow's paper brings the same news as before
No one cares about the truth anymore
Now the hurricane is racing to the shore

It's dark out there
It's dark out there

Other people are in dreamland
Other people are asleep
All the bad things in the world are just outside
I'm falling in too deep
I'll try to get some sleep
