Don't press your luck
Don't press your luck
Now that I am older, I will say
Don't press your luck
Take these words and follow me, for everything
Don't press your luck
A wolf in sheep's clothing I am
Don't press your luck
For now, I am, your allegiance
Don't press your luck
Always, I hide, in shadows

A wolf a wolf in sheep's clothing I am

A wolf a wolf in sheep's clothing I am
(You should have known this, you should have known this)

I promised, I'd be good
That I would, stay on the path
I promised that I'd hold true
Stay my course right by you
I can't can't can't stop thinking about
What I've done, I've become

A wolf a wolf in sheep's clothing I am
(You should have known this, you should have known this)

What I have become, is all your fault
(You should have known this, you should have known this)

A wolf a wolf in sheep's clothing I am
(You should have known this, you should have known this)

What have I, I done
What have I, become
What have I, I done
What have I, become

It's almost over, it's almost over
And I am almost ready to give up on myself

A wolf a wolf in sheep's clothing I am
