I've spent all my days, all my time  
Thinkin' 'bout you, baby  
Now it's the things you do  
That's got me feenin' for you, my baby, ooh...yeah

Give me what I want  
And I will make you happy  
I'll give you what you need  
And we can make it happen

baby

You'll be beggin' me please, "Want you bad" on my  
hands on knees  
Got that fire, so you sweat when I take the T  
Get it hot, baby, don't drop, feel the breeze  
Get you sprung with the love shots I'll receive  
Do it well when I freak you  
If you comin' with ends then I'mma keep that  
Don't be waitin' too long or it will be gone be long  
Before Dark singin' a song, now bring it on, what
