Yeah, heh, you know it's funny  
The more things change, the more they stay the same  
I'm sittin', watchin' these things around me  
People doubting me, people questioning me  
But everything's falling into place  
Yeah, everything in time, feel me?

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Never caught behind, twist-ups of the mind  
Why I can't bring that body ?  
Flipped it last time, press rewind  
Script it, that time, got ya mind

Boys wasn't wit it, had to recline  
Laid back, fade back plenty of times  
Tommy Boy's filled with plenty of rhymes  
Back there niggas never called me fine

One of the guys that scouts the scene  
Roughed up, stuffed up, left the scene  
Y'all bitches wouldn't never believe  
That their niggas was checkin' for me

Little girl, curls, that was me  
Little world, swirls, that was me  
Drama unfold, that was me  
Drama fun, girls that was me

Scrawny little thing, as a child  
Men would chuck, runnin' wild  
Me called names? Not allowed  
Gotta be something that was vile

Wide eyed, cried, takin' 'em blowin'  
Start ridin', cried [unverified]  
Flip that, start lookin' for shows  
Spit that, time I have to go

On the car 'round the block, runnin' with boys  
Only girl got Slick McCoy  
Had a little crush, name was Troy  
Got a little rush, loved the joy

Bent adolescent tryin' to get down  
[Unverified] to wearin' a frown  
Steady comin' up, wonderin' how  
Never been as fly, so look at me now

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Started growin' up, started to bloom  
Same damn thing, chased out the storm  
E-lay C-lay caught at noon  
Write more, fight more, stay in my room

Gettin' with the wrong guy, never again

Get it from the wrong guy, never a friend  
Try to go straight, world tryin' to end  
No such thing, 'cuz I'm tryin' to mend

Niggas try to see me, never before  
Bitches wanna be me, never before  
Niggas that would dis me, tryin' to score  
Bitches now jealous of me whore

Heard they relay many of lines  
Got played, got laid many times  
Crushed inhibition, lookin' for signs  
Love didn't live here, it was blind

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

"Who's she?", everybody askin' me  
"Who's she?", everybody ask to see  
Who? Me? Everybody tryin' to be  
Game ain't never been a thing to me

Was broke, now tote plenty of G's  
Got mad, get with L-O-V  
Me be mellow and sweet  
[Unverified]

Came up, has lots of luck  
Came up, heads like destruct  
Write more, don't get stuck  
Write more, then make a buck

Bitch can't be heard or a thing  
Been that shit, heard runnin' schemes

Now I'm the hottest thing on the scene  
Straight line, got mine, know what I mean?

Keep it on top, not a raid  
Hope it don't fly, masquerade  
Myself from them days of play  
Stories like this that I relate

Hopin' that, don't start to slip  
Hopin' that, can keep a grip  
Write rhymes that I can flip  
Mothafuckin' business, it's a trip

Learned that life ain't a game  
Passed up, passed by, it's a shame  
Never let ya life go insane  
Time go by, it's chain

Look up, look by, it remains  
Still be sittin' there, still complain  
Gold digger's dream [unverified]  
Look up at the sky, say my name

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same

Never thought I'd be this fly, what  
Never thought I'd be this tight, what  
Never thought I'd have my time, what  
Never thought you'd hear me rap, what

Everybody wanna a piece of my cut  
That record deal got sour  
It's a trip how people change in this game  
But it's still the same
