You already know what type of girl I am
Need a man long stroke and a video cam
Cherry gloss high heels i excite my man
Makin love by the tub playin one of yo jamz
Then in front of the mirror watch me work my pole
Then I work you on a chair til I reach my goal
When I bring it to the floor let you take control
See me bendin yeah you dig cause this thang is gold
My weakness pretty niggas wit big sticks that do
tongue trick starring in their own porno flicks
Turn you on like a light switch hard as a brick
Cause you lovin how i'm movin and its extra thick
I have you anywhere bed floor or chair
And you can spank me hard and pull my hair
Cause this is all for you ain't the type to share
Cause you got dick for days and I got ass to
