Let's get out there  
Ya, that was me  
One, two, one, two, three, four

What am I gonna do  
When I get close to you?  
Wanna hold you next to me  
But you bring me misery

I hate you, but I love you  
I hate you, but I love you

Let's go to see a show  
Which one well I don't know  
Will you make up your mind  
Or are you gonna waste my time

I hate you, but I love you  
I hate you, but I love you

I hate you, but I love you  
I hate you, but I love you

Look back to the time we met  
Were things better I forget  
You acted different then  
I thought you were a friend

I hate you, but I love you  
I hate you, but I love you  
I hate you, but I love you  
I hate you, but I love you  
I hate you, but I love you  
I hate you, I love you  
I hate you, I love you  
Yes, I do
