Moron

(Dead Milkmen)

Performed By Dead Milkmen

Eat Your Paisley Album

Hangin' out in the comode

Listening to Depeche Mode

You look like some kind of toad

Why are you a moron?

Got a skateboard "gnarly rad"

With money from you mom and dad

Take a bath cause you smell bad

Why are you a moron?

Walkin' down old south street

Say "Hello" to the kids you meet

If knowing you is such a treat

Why are you a moron?

Got kicked out of public school

Make a waste of our gene pool

Face it asshole you're a fool

Why are you a moron?

"I'm staring at a wall going nothing at all

Gotta get outta here I could use some beer

Wish I could get some beer

I could use some beer tonight"

In and out of trendy clubs

With a pair of day-glo gloves

You're the only one you love

Why are you a moron?

Tell use you got something to say

Then bore us with your anarchy

We just wish you'd go away

Why are you a moron?

A trendy losers what you are

It's your scene are you're the czar

I'd like to see you covered with tar

Why are you a moron?

Creeps like you should be wiped out

You've got a face just like a trout

Listen to everybody shout

Why are you a moron?

"I'm following the trend 'cause I wanna

have some friends. I want to be somebody.
Don't wanna be a 'nobody'. I wanna be
with someone tonight."
I swear that you are Hitler's clone
Spread disease wherever you roam
Got the brains of a garden gnome
Why are you a moron?
Voted for Reagan not once but twice
And think that Jerry Farwell's nice
Do you keep your brain on ice?
Why are you a moron?
In the end you're all alone
No one calls you on the phone
Got no job you've got no home
Why are you a moron?
Hangin' out in the comode
Listening to Depeche Mode
You look like some kind a toad
You're just a fucking moron!
"I'm freezing up inside. All my brain cells
have died. Gonna get out of here. I'm
gonna get out of here. I'm gonna get out of here
tonight.

"Hush little baby don't say a word : "I woke up, can't
wait to eat
And never mind that noise you heard : Got my cereal,
boy I was beat
It just the beasts under your bed : Opened the fridge
and to my dismay
In your closet in your head!!!" : There was no milk my
mother will pay"
