It's a boring day, I've got nothing to do
Except to get a load of retards and drive 'em to the zoo

Oh oh takin' retards to the zoo
Oh oh takin' retards to the zoo

Load 'em on a bus just for laughs
Down a winding road stepping on the gas
Down a winding road just daydreaming
Down a winding road with the retards screaming

Oh oh takin' retards to the zoo
Oh oh takin' retards to the zoo

One of them's blowing a big spit bubble
Slam on the brakes at the first sign of trouble
Head on collision bodies everywhere
Head on collision retards beware

Oh oh takin' retards to the zoo
Oh oh takin' retards to the zoo
