I said "Let's do it man,
Let's torch the whole village!"

We went down to look at war toys
Wonderfully colored plastic war toys
We went down to look at war toys
But all the war toys were gone

We went down to look at war toys
Wonderfully colored plastic war toys
We went down to look at war toys
But all the war toys were gone

All my life I've always wondered
What it would be like to fire off a bazooka
All my life I've always wondered
What it would be like to fire off a ballistic missile
We went down to look at war toys
Wonderfully colored plastic war toys
We went down to look at war toys
But all the war toys were gone

We went down to look at war toys
Wonderfully colored plastic war toys
We went down to look at war toys
But it seems that we were wrong
