"Another Tune Like Not Fade Away"

She looked as though she
Might be
In shock
Please open the door
I had to knock
Wish I could see her
Feet on the floor

The old routine
I'm not sure i
Know what you mean
Till she's drip-dry

I had to wait
For her classmate
To fill me in
On her last date

The old routine
I'm not sure i
Know what you mean
I swear I could hear
Her hum a tune
Another tune like
'not fade away'
I guess she could look
At it that way
Not fade away

The old routine
I'm not sure i
Know what you mean
Tu lu tu lu tu lu tu lu...
