He had
He had never done
Anything like that one
Oh my, five stars
I got him tanked up
Took him out in the car
Pass me this new tape

With a little luck we might get
An idea of what it is like
To get famous as hawaii bums
Kind of sounds like I've played this before
Not this film edit, sure
You should play this when that lean-jawed guy
Tries shellfish in hawaii
For the first time

With a little luck we might get
An idea of what it is like
To get famous as hawaii bums
