As ever you said nothing to me,
Your manners are always so smarmy,
So clever.

As ever you said nothing to me,
Your manners are always so smarmy,
So clever.

My shabby appearance
Drew sniggers from the guests...
Made a shot at Mae West.

As ever you said nothing to me,
Your manners are always so smarmy,
So clever.

As ever you said nothing to me,
Your manners are always so smarmy,
So clever.

My shabby appearance
Drew sniggers from the guests...
Made a shot at Mae West.

My shabby appearance
Drew sniggers from the guests...
Made a shot at Mae West. (X10)
