Something inside of you has
Opened up a door
This thing inside
I can not take it anymore

Changing
Falling
Fading
Calling

I've already said too much
Stained forever by your touch
Hating you for hurting me
God, this life is far from free
Faking visions in my sleep
The only thing that I can keep
Wanting you to fade away
Take away these shades of grey

All of the games
And all of the blame I'm
Wondering how I ever will heal

Changing
Falling
Fading
Calling

I've already said too much
Stained forever by your touch
Hating you for hurting me
God, this life is far from free
Faking visions in my sleep
The only thing that I can keep
Wanting you to fade away
Take away these shades of grey

Breaking me put you at ease
I want to bathe in your disease
Take away
This part of me
Shades of grey

Fading

I've already said too much
Stained forever by your touch
Hating you for hurting me
God, this life is far from free
Faking visions in my sleep
The only thing that I can keep
Wanting you to fade away
Take away these shades of grey
These shades of grey
These shades of grey
These shades of grey
