I don't wanna be the one you touch
I don't wanna be the one you love
Never gonna be the one you need
These are things that I can't be
Not denying that I sense
Something more than just friends
I've already got a man

So when I'm standing next to you
Gotta respect that he's not you
And understand that I can't do
What you're askin' me to

[CHORUS]

Hey hey you you
I figure it's true true; yeah yeah
You know what you do to me; it's crazy
I'm someone else's baby
Hey hey you you
You're makin' me hot hot; stop stop
Before we go farther than I want to
Hey you; don't make me choose

(you're gonna lose...)

Maybe in a different place or time
I woulda made you mine
But the reality is this
I love the man I'm with
Yes, I know there's energy
Felt between you and me
But if you're gonna make me choose
Between him and you

There's no contest
Between his love and your bed
You see, I thought it over but
There really is no choice

[CHORUS]

(you're gonna lose...)

Hey you (hey hey hey hey)
I feel you; you know it's true
You're makin' me so crazy (so crazy, I can't...)
I'm someone else's baby (someone else's baby)
Hey you...yes, you

[CHORUS 2X]

(you're gonna lose...)
