Tonight, all is certain  
Draw this curtain  
And get this started right

Â'Cause here the momentÂ's perfect  
The waitÂ's so worth it  
And weÂ're all packed in tight

Downtown, the streetÂ's and dead ends  
Are where my best friends  
Waste away their days

Back home, are all our bothers  
Where stoic fathers  
Hope itÂ's just a phase

But the going getting tough  
Is what gets the toughs going  
With the kids in the pit at the show

And weÂ'll never get enough  
Of the stage lights glowing  
Cause hey, this is it  
ItÂ's all we know

And when the house lights come back on  
Our colors remain true  
Because I donÂ't know where IÂ'll be  
When the music stops  
But I hope itÂ's next to you

Rejoice now  
We know how  
To sing with one voice  
If only for one night  
Sing out loud  
All about  
The stories of our lives  
WeÂ're just young once but  
Time is on our side

Chorus Variation:

Look back on  
Days long gone  
As if we had a choice  
The times we felt alive  
In one breath  
We've all left  
It's just as well I guess  
We can't stay young 'cause  
Time has passed us by
