Sleeping by the phone again, it seems this heartache
never ends,
A classic ending so fitting here,
And i'm up with silent tears. the sweetest eyes,
Eveytime i die an angel's heart reminds me of the last
time i saw you.
Remember when that three week span?
I could have almost felt your hands
Slipping away through the cracks of mine.
That little wasted time was the worst of mine,
And these are things we both forget,
Thank heavens all i ever need is you.
Waking up beside your heartbeat makes this moment
linger,
And i still can't believe i'm here with you.
You're the reason for my being here,
You ended all my sorrows that guided me for years.
And when i fall asleep with you listening to our favorite
song,
You know the one.
(the one about our lives)
