Iâ€™ve got plans, and they donâ€™t include you so  
Iâ€™ll tune you out with the static on the radio  
You had your time and you had your chance  
But you threw it all away, so letâ€™s go!  
I never thought it would end like this  
I never should have fallen for the very first kiss  
Well you could have left a mark when you kicked me to  
the curb  
I thought it would have hurt, but Iâ€™m not feeling  
anything

You can go on and on about all the ways you changed  
And I tell it like it is  
You go on and on about all the ways you changed  
But youâ€™ve barely taken one step; youâ€™re taking too  
much time  
Canâ€™t afford to sit around and wait to hear another  
line  
You go on and on and it will always be the same

Youâ€™re persistent; yes Iâ€™ll give you that  
But, this is something you can never have back

You can force the issue, but I honestly donâ€™t miss you  
Take your memories and leave, cus Iâ€™m not feeling  
anything

You can go on and on about all the ways you changed  
And I tell it like it is  
You go on and on about all the ways you changed  
But youâ€™ve barely taken one step; youâ€™re taking too  
much time  
Canâ€™t afford to sit around and wait to hear another  
line  
You go on and on and it will always be the same

You promised me before, no it canâ€™t work anymore

You can go on and on about all the ways you changed  
And I tell it like it is  
You go on and on about all the ways you changed  
But youâ€™ve barely taken one step; youâ€™re taking too

much time  
Can't afford to sit around and wait to hear another  
line  
You go on and on and it will always be the same
