Give it up, take a step back into the spotlight
Iâ€™m gonna take you by the hand, Iâ€™m gonna spell this
out
To the point you canâ€™t deny
Do you remember when we said
That when we grew up, weâ€™d go out and take on the
world
Well I never expected it, but you passed that up
And sold yourself short

Weâ€™ll keep our friends close, and leave our enemies
behind
This concept should be black and white but you began
to blur the lines
Now itâ€™s all on you, to own up, or Iâ€™ll make it a point
to pay back
The hell that you put me through, itâ€™s nothing you
wouldnâ€™t do

Chalk it up, score one more point for the good guys
And donâ€™t you mess with the home team
Weâ€™re in our element, and weâ€™ll take you down
tonight
Do you remember your girlfriend?
The girl you blew off to go out while looking to score

Well Iâ€™d say this is for the win
Cus youâ€™re minus one, and sheâ€™s begging me for
more

Weâ€™ll keep our friends close, and leave our enemies
behind
This concept should be black and white but you began
to blur the lines
Now itâ€™s all on you, to own up, or Iâ€™ll make it a point
to pay back
The hell that you put me through, itâ€™s nothing you
wouldnâ€™t do

Nothing you wouldnâ€™t do!

Weâ€™ll keep our friends close, and leave our enemies

behind

This concept should be black and white but you began
to blur the lines

Now it's all on you, to own up, or I'll make it a point
to pay back

The hell that you put me through, it's nothing you
wouldn't do

I'll make you sorry, you'll be sorry

You put this on me

I won't be sorry

It's nothing you wouldn't do
