I see all the world
With other eyes than I did before

When I'm sitting here
There are thousand things
That I want you to know

Oh oh oh
There's something to say
Oh oh oh
But what is my way
Oh oh oh
Without sounding bit weird
And I thought it would be easier

Oh oh oh
What would you say
Oh oh oh
Is it okay for you
When I start with some simple words?

When I was miles away
You came to see me again

WOH OH!
I love you so much
WOH OH!
You're the one for me
WOH OH!
I love you so much
WOH OH!
You're the one for me

Listening to your voice
Is never boring
Even it's on the telephone or ICQ
O-oh

Oh oh oh
I like watching TV
Oh oh oh
With you by my side

Oh oh oh
Without sounding bit weird
And I thought it would be easier

When I was miles away
You came to see me again

WOH OH!
I love you so much
WOH OH!
You're the one for me
WOH OH!
I love you so much
WOH OH!
You're the one for me

I like eating McD with you
I like playing some sports with you
I like reading some news with you
I like going for a walk with you

I like watching Xena with you
I like sleeping with you, I do
I like speaking 'bout things with you
I like kissing you, I do

When I was miles away
You came to see me again

WOH OH!
I love you so much
WOH OH!
You're the one for me
WOH OH!
I love you so much
WOH OH!
You're the one for me
