Your cup of grace is deeper than is deeper than the  
ocean,

Your strong embrace is wider than is wider than the  
sky,

Jesus, my heart cannot break enough for Your love a  
well that runs deep within my soul,

Your perfect words go further than go further than  
tomorrow

when my world shakes You pull me through You pull me  
through the storm

Jesus, my heart cannot break enough for Your love a  
well that runs deep within my soul.

Jesus, my heart cannot break enough for Your love a  
well that runs deep within my soul - - -
