"Say What You Want"

Visit "[Say What You Want](#)" on MotoLyrics.com

Nothing in your culture takes you where you want to be
And nothing shakes that numbness at the heart of
everything
Sometimes it feels like you were born missing a layer
of skin
You'd cut yourself up to feel anything... anything...

So say so say what you wants what you want
Because the world doesn't owe anything
Oh no not like you used to think

So say so say what you wants what you want
Because the world won't listen anymore
Oh no not like they did before

The world outside is such a string of inconsistent truths
So what's the point when you've got nothing left to use?
It's not the first time you've been caught In a storm of
recognition
But it's the first time you're not covering . covering...

So say so say what you wants what you want
Because the world doesn't owe anything
Oh no not like you used to think

So say so say what you wants what you want
Because the world won't listen anymore
Oh no not like they did before yeahoooo

Nothing in your culture takes you where you want to be
And nothing shakes that numbness at the heart of
everything
Sometimes it feels like you were born missing a layer
of skin
You'd cut yourself to ribbons to feel anything...
anything... anything...

So say so say what you wants what you want
Because the world doesn't owe anything
Oh no not like you used to think

So say so say what you wants what you want

Because the world won't listen anymore
Oh no not like they did before
