Party's over  
I just watched my girlfriend get laid on the sofa  
Does that seem weird to you?  
The guy was older  
Heard someone say he got her clothes off playing  
poker  
When I wasn't in the room  
Can I assume this spells the end for me and you?

Morning after  
I go outside and the garden's a disaster  
The kitchen table's in the pool  
The sound of laughter  
Echoes on inside my mind, holes in the plaster  
And I feel like such a fool  
And so abused, don't think I've ever felt this used

And goodbye  
Feels so sore  
My relationship's over  
I'm lost without a cause  
I wonder why  
She strung me up and left me hanging out to dry  
Tell the guys ... the party's over

It's complicated  
Stranded at first base I never saw her naked  
Now I'll never get a chance  
I'm aggravated  
When I think of all the precious time I've wasted  
On another dead romance  
The days go by, they fade away and so do I

And goodbye  
Feels so sore  
My relationship's over  
I'm lost without a cause  
I wonder why  
She strung me up and left me hanging out to dry  
Tell the guys ... the party's over

And I can't get over  
Face the fact, it's over  
I don't know why I even try

It's so sore  
My relationship's over  
I'm lost without a cause  
I wonder why  
She strung me up and left me hanging out to dry  
Tell the guys ... the party's over

It takes a while to realise  
Funny how the feeling dies  
Don't wanna hear your alibis  
For something you can't justify  
There's nothing here for me to say  
It's not for me to save the day  
The lights are on so go away
