Butterflies and rainbows,
Butterflies and rainbows,
Butterflies and rainbows,

Catch the Autumn leaves before they fall and hit the
ground,
Stand and watch the winter snow slowly settle all
around,

Seasons come and go things aren't as bad as they may
seem,
Summers 'round the corner, so hang on to your
dreams,

Keep chasing butterflies and rainbows,
Pick the flowers when they bloom,
Reach out for a star and you might land upon the
moon,
Keep chasing butterflies and rainbows,
And when all your dreams come true,
You will find me waiting there for you,

Fate and destiny (destiny),
Everything (everything),
That's meant to be (that's meant to be),
It all goes hand in hand,
We just can't change what God has planned,

Seasons come and go oh how the years just slip away,
As long as there's tomorrow hold on for one more day,

Keep chasing butterflies and rainbows,
Pick the flowers when they bloom,
Reach out for a star and you might land upon the
moon,
Keep chasing butterflies and rainbows,
And when all your dreams come true,
You will find me waiting there for you,

Ooh ooh ooh ooh,

Seasons come and go who knows which way the wind

will blow,
Waiting for the harvest to reap the seeds we sow,

Keep chasing butterflies and rainbows,
Pick the flowers when they bloom,
Reach out for a star and you might land upon the
moon,
Keep chasing butterflies and rainbows,
And when all your dreams come true,
You will find me waiting there for you,

Just waiting there for you,
Just waiting there for you,

Butterflies and rainbows,
Butterflies and rainbows,
Butterflies and rainbows,
