Slap a white boy, snuff your landlord
Smash some windows, break the camcord
Rob the corner store, bomb the precinct
Take the CO, stab the GT

Pimp the system, bang for freedom
Fuck the high schools, burn the prisons
Ride on the record labels, Jump your A and R
Fuck the contract, Push the AR

Get your bank up, slip the banks up
Break the handcuffs, invade the campus
Steal some pampers, smash the cameras
Fuck the police, grab the camera

You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
'Cuz we don't give a fuck, the time is now

You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
'Cuz we don't give a fuck, the time is now

Cock your rifle, rep your people
Fuck probation, kidnap your PO
Run the roadblocks, smash a TV
Fuck with DP, steal the CD

Kiss my black ass, nail the judges
Hang the lawyers, ride for justice
Keep it gangsta, kill the snitches
Get rid of the middleman and control your business

You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
'Cuz we don't give a fuck, the time is now

You wonder why we feel like fuck the law
You wonder why we write up on the wall

You wonder why we burn the cities down
'Cuz we don't give a fuck, the time is now
