(Stock / Aitken / Waterman)

Though you may have seen me out  
lost in the crowds and having fun  
you shouldn't believe the masquerade  
Without you I'm just the lonely one  
Just can't fight it  
Just can't hide it  
I'm still in love with you

And you know that I've tried  
but what can I do  
don't you know that I can't forget you  
Sweet memory  
please come back to me  
don't you know that I can't forget you

I tried to convince you but  
emotions are always in the way  
Now I know I can never love again  
Nobody else could take your place  
It's no good trying  
Just can't fight  
all the memories of you

And you know that I've tried  
but what can I do  
don't you know that I can't forget you  
How could I fall  
for somebody new  
when you know that I can't forget you

Don't you know  
Don't you know that I can't forget you  
Don't you know  
Don't you know that I can't forget you

They tried to convince me, don't  
waste all my time, don't be a fool  
How can they ever understand  
why I'm still crazy over you

I can't lie and  
there's no denying  
the tears I'm crying for you

And you know that I've tried  
but what can I do  
don't you know that I can't forget you  
Sweet memory  
please come back to me  
don't you know that I can't forget you

But what can I do  
Don't you know that I can't forget you  
How could I fall  
for somebody new  
when you know that I can't forget you

But what can I do  
Don't you know that I can't forget you  
How could I fall  
for somebody new  
when you know that I can't forget you
