(Curnow / Harding / Clift)

I made such a big mistake
trying to hide the way I was feeling
I laughed but my heart would ache
Something inside told me I needed
you more than the air that I breathe
You're not just one of the crowd
Now I'm wearing my heart on my sleeve
I wanna shout it aloud

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, you'll hear me shout you are the one

Some things are worth waiting for
Now we're alone let's make this forever
I really couldn't ask for more
We're taking our time and we're so fine together
You've given me everything
and I don't want it to end
Who knows what tomorrow will bring
Baby until then

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, I'm gonna shout

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, you'll hear me shout you are the one

Something inside told me I needed
you more than the air that I breathe
You're not just one of the crowd
Now I'm wearing my heart on my sleeve
I wanna shout it aloud

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, I'm gonna shout

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, I'm gonna shout

I'm gonna climb to the top of a mountain
'cause I'm not scared to tell the world I love you
I'm gonna climb to the top of a mountain
Calling out, I'm gonna shout
