help does not just walk up to you i could have told you  
that  
i'm not an idiot  
i could have told you that  
in every serpent's eye watch you go where you go  
every serpents double tongue takes a turn with your  
soul  
if you let them ring your bell (x2)  
they're ringing the bell (x2)  
why wouldn't i be trying to figure it out  
everyone tells you that  
everyone tells you not to quit  
i can't even see it to fight it  
if it looks like i'm not trying i don't care what it looks like  
cause i stood at the alter and everything turned white  
all I heard was the sound... of the world coming down  
around me (x2)  
why wouldn't i be trying  
why wouldn't i try (x2)  
cause those double tongues are singing hear the wail  
of the choir through the fog  
the sound of that choir through the fog  
they're always close they're always so close always  
close always so close  
if there's a way out it will be step by step through the  
black (x2)  
why wouldn't i be trying to figure it out it don't mean i'm  
not trying if i don't make it back  
i know serpents will cross universes to circle around  
our necks  
i know hounds will cross universes to circle around our  
feet  
i know they're close  
step by step one's beside me to kill me or to guide me  
why wouldn't i be trying to figure which one out (x2)
