by the way you are behaving  
I should be shaking my head  
someone else will have to explain it(x2)  
took at wind the dust was honest  
took it in when the stars surround us  
conversation is sloping off  
and you know he must make a mistake  
at this time they were slippery  
and they were surrounded by them  
and all they wore was their behavior  
their bad behavior(bad behavior)  
you are looking humiliated  
you say that I'm as naked as I am  
as naked as a woman  
naked as a man  
and you must bring us half an hour  
of good luck when you can  
you must bring the appeal of laughter if you can  
you're surrounded by a halo that is sloping off(sloping  
off)  
you get that curious look clamped to your mouth  
wipe it away with the back of your hand  
you're back that way hating again  
the falling light(x3)
