Toot toot Sonic Warrior, toot toot Sonic Warrior  
Your hour is near at hand  
You've got the power to save the land

Take a little chance, slip on through  
You gotta survive no matter what you do  
You gotta do for you

Toot toot Sonic Warrior, toot toot Sonic Warrior  
The power is in your mind  
To shake the planets and conquer time

Toot toot Sonic Warrior, deep in space and time  
Toot toot Sonic Warrior, forever in your mind  
Nothing can survive the will to stay alive  
'A'ause if you try, you can do anything

Toot toot Sonic Warrior, always takes a chance  
Toot toot Sonic Warrior, never says he can't  
Nothing can survive the will to stay alive  
'cause if you try, you can do anything
