sad sad eyes now are you listening
take a stab, now i've just guessed
you're feeling down
pull you up by your boot straps
i'll make you cry i'll make you laugh
you're laughing now
so honey now please don't bite
so honey now please don't bite
don't be angry don't get pissed off
said i'm sorry what's to worry
i'll do right
don't be angry, said i'm sorry
i got wound up in the glory
let's not fight
so honey now please don't bite
so honey now please don't bite
started in december you know you'll never get that far
what you've got to worry, boy you're gonna be a star
if seeing is believing i believe i'm leaving tomorrow i'll
be gone gone
honey please, please don't bite
honey please don't, please don't bite, honey please
sad sad eyes it's me again
got my sights on repairing
you and i
lift you up the second time now
open my mouth speak no lies
i'll speak no lies

so honey now please don't bite
so honey now please don't bite
started in december you know you'll never get that far
what you've got to worry, boy you're gonna be a star
if seeing is believing i believe i'm leaving tomorrow i'll
be gone gone
honey please, please don't bite
honey please don't, please don't bite, honey please
don't drift so far away from me
cause i just don't want to fight
so honey now please don't bite
started in december you know you'll never get that far
what you've got to worry, boy you're gonna be a star

if seeing is believing i believe i'm leaving tomorrow i'll
be gone gone
honey please, please don't bite
honey please don't, please don't bite, honey please
honey please
honey please, please don't bite
honey please don't, please don't bite
honey please don't, please don't bite
honey please don't, please don't bite
honey please, honey please
