Sonichrome---Innocent Journey
love is an innocent, innocent journey
love is a cancer, love ain't benign
love is what keeps you going all the time now
love it, don't leave it, don't leave it behind

love is for free
people like me
crossing the seas, looking for that someone
love is for free
when people like me
set their sights on you
i'll know what to do
love is what i came for
love is what's in store for

love is an innocent, innocent journey
love is a cancer, love ain't benign
love is what keeps me going all the time now
love it, don't leave it, don't leave it behind

love is for free
people like me
just crossing the seas looking for that special someone
love is for free
i've got eyes to see
looking for someone
love could come along
love is what your waiting for
love is what you came for

love is an innocent, innocent journey
love is a cancer, love ain't benign
love is what keeps you going all the time now
love it, don't leave it, don't leave it be
love it, don't leave it, don't leave it be
love it, don't leave it, don't leave it behin>
