I call you compliment you tell you stories of my day
I do this not for you but for myself
Keep my head above water to make plans for the
summer
I do this not for you but for myself
I love you i love you i love you you know i'm thinking of
you
I need you i need you i need you for myself
I love you i love you you know i'm thinking of you
I need you i need you i need you for my
I was wasted (over confident)
Over stated (over confident)
I don't worry till it's over
I was wasted (over confident)
Over stated (over confident)
I don't worry till it's over
I show up late as always, wait for you in the hallways
I do this not for you but for myself
Keep my head above water, never pull chairs out from
under
These are the things, are the things i'll do for you
I do this not for you but for myself
I love you i love you i love you you know i'm thinking of
you
I need you i need you i need you for myself
I love you i love you you know i'm thinking of you
I need you i need you i need you for my
I was wasted (over confident)
Over stated (over confident)
I don't worry till it's over
All the things i've done i did for you ask me how and i
will tell the
Truth
It can't always be this way and i know if i was half a
man i'd let you
Go
But i love you i love you you know i'm thinking of you
I need you i need you i need you for myself
I need you i need you you know i've got to have you
And i love you i love you i love you for myself
Myself myself myself myself
Myself (over confident)

Myself (over confident)
Myself (over confident)
Myself (over confident)
Myself....
For myself (over confident)
For myself (over confident)
For myself (over confide
