Taking time to buy you joy
I peeled my eyes so i can see
The things i bought to fill myself
Left my glass empty
And you could see my dreams evolve into just one
chance
As romantic as a love affair that begins and ends with
a glance
Tell me what you wanna be, is it the same?
Tell me how it's gonna sound so lame
Tell me how's your music thing; is it as you dreamed?
Money hand and hand with fame
Are you happy?
I was too lost to see
Anything concise
I could never place you on
A podium of lies
But when your dreams slip by in front of you, it's such a
tease
I hope that there's no one there to see them slip by me
Tell me what you wanna be; is it the same?
Tell me how it's gonna sound so lame
Tell me how's your music thing; is it as you dreamed?
Money hand and hand with fame
Are you happy?
When you finally took my hand
I could understand
When you tell me nothing's wrong
Do you think i'm still a man
