Slowly with my voice you can't hear me now  
spinning like the love that will never die  
that morning I woke up and I felt so deep  
The center of the earth is way too much heat  
posed in a way that I can explain  
my body and my mind on the roof again  
poisoning my head coming through my veins  
a camaleon is hidden through a line of trees

Once I dream a castle with no one inside  
a new magnetic feeling is about to begin  
the fist trick I learned wasn't typical  
It actualy was better than the rabbit one

Friend I'll wait you through the nighth  
please come back to me, I'm feeling like  
I'm dead living deads are here  
We're dancing on the graves  
don't kill me cause I'm dead.

Paising every thing that is on my path  
people standing up and dancing to the beat  
round and round in circles I begin to move  
my feelings are just focusing on you  
the basement of the house is alone today

I'll practice all my moves and my tricks tonigth  
some troubles on the trick of appearing you  
a red cloud and purple I wish you were here

Stading on the beach with a castle behind  
I learned to appear an elephant but I want you  
I tried and tried and tried hard and I tried and tried  
I was about to make it but a monkey appeared...

Friend I'll wait you through the nighth  
please come back to me, I'm feeling like  
I'm dead living deads are here  
We're dancing on the graves  
don't kill me cause I'm dead.

On the sea, your body to flow

you are dead and then I let you go (x5)
